PREFACE

*A book, like this, could never hold
What living here has meant;
There are so many little things—
While this records each big event.
We'll all have common memories
Of bridge-games, and large drug bills,
Post office crowds, and fruit juice,
"Bringings-out," and free cut thrills.
We'll want to save a smile, a word,
Wisteria scent, and college sings,
A voice in the hall, blessed sleep,
A groan when the big-bell rings.
Through the years, we'll try to keep,
Like candles in the night,
All the sweetness we've tried and failed
To capture in black and white.*

Appreciation

It is often hard, when we are surrounded constantly by the material parts of our college, to accept these things in any way other than with confidence and ease. Laying aside momentarily our modern stress on intangibles, let us look to the man behind the men behind the scenes. We who reap the benefits of his wisdom should be the first to honor him. Our debts are great, to this man whose influence may be felt in every phase of our life here. With admiration, respect, and appreciation, we should like to dedicate this book to MR. A. MONTAGUE WHITE.

BETTY GWYN MESSENGER
President of Student Government

Student Government

Self-government was one of the most important of the many things Dr. Smith gave us. We share with the administration and faculty in solving the college family's problems. It means meetings, from Student Committee and Judicial to Budget and Change Committees—it means chapels with verbal free-for-alls, democracy's mechanics—to some of us it means working with and appreciating all the members of the college who contribute to our life—to all of us it means taking the initiative for making these four years the fullest and happiest they can be.

Association

At Randolph-Macon there are many time-honored traditions and worthy ideals of which we are justly proud. Our Honor Principle is one of the most vital of these traditions and ideals because it is the basis for all of our everyday activities. However, it is more than this, it means a double responsibility shared by each girl in the school, it means a growing pride in upholding the trust placed in us and it means a genuine spirit of cooperation. Above all, it gives each girl a chance to show that an Honor Principle can and does prevail through all our living.

MISS ANNIE C. WHITESIDE
Steering Committee Chairman

LOUISE CZARNIECKI
Steering Committee Secretary

We tried to make our last year of existence one worth remembering. Students, faculty, and staff were able to find a place in this effort. The Publicity Committee with posters and the ceaseless cooperation of the *Sun Dial* kept us informed on what we could do to help. In the workroom tongues and needles flew to finish the sewing and knitting. Speakers talked on France, Morocco, and Post-War Economy, and there were two student discussions which were very successful. Our dollars were given willingly, and we went well over our goal of \$7,500 to help the Red Cross, Randolph-Macon Chateau in France, W. S. S. F. and to support our own activities here on campus. We supported the Victory Drive by means of selling bonds to all members of the College community. In cooperation with the Y, Student Government, and I. R. C. we publicized a campaign about U.N.R.R.A. and wrote letters to our senators and congressmen. We also financed trips to Pickett for the Randolph-Macon girls who had the ability to entertain the soldiers in the camp hospital. Lastly, the Salvage Center joined with the National Clothing drive this year and did a thorough and worthwhile job of collecting clothing and shoes. It has been a full year and a great deal of credit is due to all those who gave their utmost support.

STORK CLUB

The Stork Club is a place where
the most interesting
and most unusual people
are always to be found.

Dear Mr. Billingsley:

My first memory of the Stork Club
is of a night when I was a young man
and I was sitting at a table in the
club. I was then a student at the
University of California, and I was
studying for my degree in the
Department of Political Science.

I was then a young man, and I was
sitting at a table in the Stork Club.
